My next goal is to obtain some books to have more input on the theory of the topic I'm researching. Eric Zimmerman suggested the following book:

The Language of New Media (Leonardo Books)
by Lev Manovich
ISBN: 0262632551

Also, after performing an extensive search session on the web for obtaining more books to help me support my thesis, I was able to find two more that I think have solid ground on which I can build my case:

Transitions: Voices on the Craft of Digital Editing
by Erik Andersen, Stuart Bass, Ben Bryant, Patrick Gregston, Paul Hirsch
ISBN: 1903450535

Digital Moviemaking: The Filmmaker's Guide to the 21st Century
By Scott Billups;
ISBN: 094118830

From the information available in Amazon, I extracted a few quotes that give me a good idea about what's in the books. They have been compiled in a PDF file. [**open PDF**].
